

Water Rescue One Technician Instructor Skills Assessment/Reassessment Course

Code: YWR13DA/R

Who should attend

Emergency Services personnel who require assessment / reassessment in Outreach Water Rescue One Instructor Skills.

Course/Programme Requirements

- Students must have successfully completed the Outreach Water Rescue Instructor Skills course (or Reassessment course) within the previous 2 years with verified maintenance of those skills.
- Compliance with Outreach Training Progression Policy.
- Be fit for full operational duties in accordance with FRS requirements for this role.
- Have received formal training in Health and Safety at Work, including manual handling.

The module will involve students undertaking potentially strenuous training in and out of water.

Personal equipment should include appropriate all weather outdoor clothing, footwear and gloves. All specialist equipment required is provided. Service uniform is not required.

Contact Outreach Rescue for further information including detailed course content, assessment process and progression notes.

All course nominations must be followed by a declaration of conformity with the above from their organisation.

Aim

To assess the framework of core instructional skills and associated knowledge and understanding required to instruct others in the equivalent of Outreach Water Rescue One Technician skills.

Outcomes

After successful completion of the course the student will have a firm foundation of knowledge and skills and should be able to:

- Demonstrate the ability to plan, deliver, assess and review training events across a range of environments and topics within the appropriate syllabus.
- Undertake risk assessments for delivering the above in a range of teaching environments.
- Apply basic knowledge of rescue PPE equipment as to its use, care and maintenance.

- Understand skills maintenance and development issues.
- Supervise response to a range of Water Rescue situations.
- Practise a range of teaching and assessment methods suitable for a range of candidates' abilities.

Delivery Method

By workshop, practical exercises and scenarios.

Assessment/Certification/Accreditation

Core course content is assessed by a combination of continuous, scenario based, a presentation and written assessment to inform the student's development indicators. Results centrally recorded and entered in a personal Water Rescue Record of Performance.

Students will receive joint Fire Service College and Outreach Rescue Certification upon successful completion of the course. It is recommended that a reassessment course is attended within 2 years of completion of this course and that adequate skills maintenance training will have been undertaken in the interim period.

Venue

Outreach, Llanllechid, Bangor, Gwynedd, LL57 3HY.
