20 Credits

- ⇒ To enrol free of charge see Amy at the Outreach Rescue office before the end of your course
- ⇒ Each module includes coursework confirming workplace-based application of learning
- ⇒ You'll have 10 weeks from the end of each course to complete the associated coursework per module ( 10 weeks starts from the end of assessment for instructor courses)
- ⇒ The practical training must take place as a residential at Outreach Rescue
- ⇒ Credits can only be claimed on courses you attend once enrolled, previous achievements cannot be backdated, but can be re-sat in their entirety if required
- ⇒ There is an option of collecting 40 credits to achieve a Certificate in Specialist Rescue too (no RPL can be used for the certificate)
- ⇒ Diploma / Certificate must be completed within 4 years of enrolment
- ⇒ High achieving students may be invited to progress onto the Disaster and Emergency Management BSc, or even an MSc
