

Water Rescue Technician **Instructor Training** (Mod 3 Level)

Who Should Attend:

Experienced and proficient Mod 3 award holders who wish to train personnel in the skillsets of the Water Rescue Technician (Mod 3).

Pre-Requisites or APL:

- ✦ In-date Mod 3 compliant award
- ✦ Advanced First Aid Award (compliant with DEFRA Con-Ops Annex F)

Requirements:

- ✦ Fit for operational duties
- ✦ Aptitude for training others
- ✦ Operational knowledge of operating as a Water Rescue Technician
- ✦ Working knowledge of the DEFRA Flood Rescue Concept of Operations and/or NFCC RBC

Aim:

To provide the framework of instructional skills and associated knowledge and understanding to instruct others in the skillsets of DEFRA Mod 3.

Outcomes:

Demonstrate as required skills to a high level within the Mod 3 standard:

- ✦ Water rescue scene management and dynamic assessment of risk.
- ✦ Understand the limitations of the role, rescue team & organisation.
- ✦ Working knowledge of all the Defra water & flood modules

Training design and delivery:

- ✦ Lesson Planning
- ✦ Scenario implementation
- ✦ Introducing subjects, principles and procedures
- ✦ Subjects in logical sequence
- ✦ Coaching complex skills
- ✦ Training venue assessment
- ✦ Group maintenance/management
- ✦ Goal setting for varying levels of ability

Reviews/Assessment:

- ✦ Run task reviews/question-and-answer sessions
- ✦ Assess practical/team/command skills
- ✦ Deliver feedback (group/individual)
- ✦ Use of multiple methods of assessment
- ✦ Maximise learning from scenarios and training sessions

Safety considerations:

- ✦ Establishing and monitoring safe systems
- ✦ Dynamic risk assessment of activities and venues
- ✦ Written generic risk assessment activities and venues
- ✦ Rescue students in difficulty

Evaluate complex scenarios:

- ✦ Convey logical progressions of response
- ✦ Convey command and control/multi-agency issues
- ✦ Convey permutations of rescue systems/ resources/ environments

Compliance:

- ✦ DEFRA Mod 3 Instructor
- ✦ NFCC Rescue Boat Code Mod 3 Instructor

Duration:

5 days with 34 hours contact time

Ratios:

Trainers 2:7 Students

Delivery Method:

Lectures, classroom work, practical sessions and scenario-based training. A course manual is issued.

Equipment:

Specialist equipment and PPE is included if required. Provision of your own suitable equipment at this level of award is advisable for familiarity purposes.

Assessment:

The assessment for this award is separate to allow for consolidation post-training. Individual feedback is provided.

Certification:

A certificate of attendance is provided. To qualify as an instructor, students must return for the Water Rescue Technician Instructor Assessment/Reassessment.

Progression:

Students should attend the Water Rescue Technician Instructor Assessment/Reassessment within 2 years. Completion of this training **and** subsequent assessment at Outreach Rescue satisfies module 'Specialist Rescue Instructor (5087EXQ)' for the Diploma in Specialist Rescue and is worth 50 credits.

Venue:

Outreach Rescue, Tan-y-Bwlch Centre, Llanllechid, Bangor, Gwynedd, North Wales LL57 3HY
